## OUR MISSION

We Bring Entrepreneurs  
and Investors Together

## FOR INVESTORS

Why should you become a member of Valhalla Angels?

Valhalla Angels is a community of Canada's top angel investors. We have formed a diligent screening process to ensure that you see only the best deals at our forum. In addition, membership provides an excellent networking opportunity with other likeminded investors as well as education and support for those new to angel investing.

## FOR ENTREPRENEURS

Why should you consider an angel investor for financing your startup?

Valhalla Angels provides one of the best deal intake processes with 1-1 coaching, diverse deal screening team and ongoing feedback to assist in strong success rates for investment. Over 35% of companies received funding.

## FOR SPONSORS

Why should you become a sponsor of Valhalla Angels?

Valhalla Angels sponsors can use the forums to develop long term and sustainable relationships with potential clients. One of our long term sponsors has acquired over 35 new clients in the time we have worked together.

## OUR STORY

Valhalla Angels is one of Canada's most active angel investment groups with our Founder, R. Stewart Thompson, recently named Angel of the Year. The forum was established in 2003 with members having biotech, real-estate, oil & gas, health & life sciences, hospitality & transportation and, information & communication technologies backgrounds.

Today, our membership continues to grow, bringing a diverse group of investors together, from a variety of backgrounds and experiences who are looking to diversify their investment portfolio while supporting the startup ecosystem.

In 2017, Valhalla Private Capital was launched because of the organic growth from Valhalla Angels, to meet the needs of the entire cradle to exit lifecycle for both businesses and investors.

Valhalla Angels represents a key business pillar, angel investing, within the Valhalla Private Capital ecosystem. As a member of Valhalla Angels, you can participate in a unique variety of programs and investments opportunities.
